

Appendix J - Danvers Electric

Unsafe Electrical Equipment Notification Form for the Terms and Conditions

Revision ID	Date	Notes	Approval (initials and date)
1.0	6-8-2012	The purpose of Version 1 is to release the <u>Unsafe Electrical Equipment Notification Form</u>	MLB 06-19-2012

Unsafe Electrical Equipment Notification

Danvers Electric

1 Burroughs Street

This document serves to notify (Customer Name) _____

On this date, _____

That the electrical system at (Service Address) _____

Has been deemed unsafe, constitutes a fire or health hazard, or is otherwise dangerous to human life and is hereby declared unsafe. Use of said electrical system - as identified in this notice - constituting a hazard to safety, health or public welfare by reason of inadequate maintenance, dilapidation, fire hazard, disaster, damage or abandonment is hereby declared an unsafe use. Such unsafe equipment is hereby declared to be a public nuisance and shall be abated by repair, rehabilitation, demolition or removal.

Upon assessing this service's situation, Danvers Electric will:

Disconnect existing service;

Danvers Electric will re-energize once repairs have been made by a licensed electrician and all work has been signed off by Town of Danvers Code Administration.

Temporarily connect service to ensure electrical service to Customer;

The Customer has _____ days to secure a licensed electrician to repair the service. If the service hasn't been repaired and found to be in compliance with code after the allowed number of days, Danvers Electric will disconnect the Customer.

Leave the existing service as-is;

The Customer has _____ days to secure a licensed electrician to repair the service. If the service hasn't been repaired and found to be in compliance with code after the allowed number of days, Danvers Electric will disconnect the Customer.

By signing this 'Unsafe Electrical Notification Form' you are acknowledging that an official from Danvers Electric or Code Administration has identified an unsafe condition on your electrical service. This form has outlined your required actions to remedy the problem and ensure reliable electric service in the future. Danvers Electric does not assume any responsibility of repairing the Customer's wiring or other equipment and assumes no liability.
