

Town of Danvers — Department of Public Works
 Water Use Mitigation Program (WUMP)
Residential WUMP Fee Calculation Form

The Town of Danvers is required by its Modified Water Withdrawal Permit, issued pursuant to the Water Management Act, to institute and manage a Water Use Mitigation Program (WUMP). This requirement is to mitigate water demand, so as to ameliorate and minimize depletion of the limited resources of water in accordance with the provisions of the permit including a 2:1 water conservation goal.

All residential projects constructing three (3) or more dwelling units and all commercial projects shall pay a fee reasonably commensurate with the cost of conserving water or mitigating water loss consistent with projected water demand from the proposed project. This form is an aid for calculation of a project's WUMP Fee. Any questions may be directed to Sharon Clement, Program Engineer, 978-777-0001 ex 3096, sclement@mail.danvers-ma.org.

OWNER AND AGENT INFORMATION

Project Name & Address: _____

Owner Name: _____ Phone: _____

Agent Name (if applicable): _____

Agent Address: _____

Agent Phone: _____ Email: _____

RESIDENTIAL

- 1. Does the project build 3 or more units? No Yes
- 2. Does the project build residential units and/or commercial development? No Yes

If you answered yes to question 1 or 2, you must fill out this form. If you answered yes to question 2, you must also fill out a Commercial WUMP fee Calculation Form. If you answered no to both questions there is no need to fill out this form.

SECTION 1

1. Does the project have existing single or multi-family unit(s) that will be removed?	No <input type="checkbox"/>	Yes <input type="checkbox"/>	# of Existing family unit bedrooms removed _____
2. Does the project have existing apartment unit(s) that will be removed?	No <input type="checkbox"/>	Yes <input type="checkbox"/>	# of Existing apt. unit bedrooms removed _____
3. Does the project have proposed single or multi-family unit(s)?	No <input type="checkbox"/>	Yes <input type="checkbox"/>	# of Proposed family unit bedrooms _____
4. Does the project have proposed apartment unit(s)?	No <input type="checkbox"/>	Yes <input type="checkbox"/>	# of Proposed apt. unit bedrooms _____
Net Increase in Family Bedrooms			_____
Net Increase in New Apartment Bedrooms (add proposed units and subtract existing units that will be removed)			_____

SECTION 2

1. Does the project have an existing commercial use?	No <input type="checkbox"/>	Yes <input type="checkbox"/>
2. a) Will an existing commercial use stay after project is complete?	No <input type="checkbox"/>	Yes <input type="checkbox"/>
2. b) Will the entire commercial use remain in use after the project is complete?	No <input type="checkbox"/>	Yes <input type="checkbox"/>

If the project has an existing commercial use that is not going to remain entirely in use after the project is completed, please fill out Section 2 of the Commercial WUMP fee Calculation Form to receive credit for the reduction in commercial water use. Move on to Section 3.

SECTION 3

Fill in the total new family bedrooms from Section 1 into row 1. Fill in the total new apartment bedrooms from Section 1 into row 2. For row 3 reference the Commercial WUMP Fee Calculation Form if applicable. Fill in the "2X Metered Use" from Section 2 part 1 and add up all the Calculated GPD values from Section 2 part 2, and fill them into "Total Calculated GPD".

Complete all the calculations from rows 1-3 to find the dollar value for each row. Then add the result from rows 1 and 2 and negative amount from row 3 to find an estimated Total WUMP fee.

If you find that this calculation sheet did not account for the property's change in water usage in its entirety please fill out the comments section below and propose any changes.

1. Residential-Family	_____ Total New Bedrooms	X \$1,980/ Bedrooms		= \$ _____
2. Residential - Apartment	_____ Total New Bedrooms	X 65 gpd/bed X 2	X \$9/ gpd	= \$ _____
3. Existing-Commercial	"2X Metered Use" _____	— Total Calculated GPD _____	X \$9/ gpd	= (\$ _____)
Estimated Total WUMP Fee				= \$ _____
