

Danvers Electric Division Level 2 EV Charger Rebate Application

DED is pleased to offer rebates for new Level 2 EV Chargers. Please read the terms and conditions below to ensure that you qualify for a rebate.

Eligibility Requirements & Restrictions:

- \$300 maximum in EV charger rebates per residential account per year.
- EV Chargers must be UL listed, Energy Star certified, and have Level 2 charging
- Equipment must be purchased by Danvers Electric Customer and used at service address' location.
- Applications require vehicle registration, receipt for the charger, installer invoice, and this form. Incomplete applications may delay processing by 4-6 weeks. Normal processing time for complete applications is 8-10 weeks.
- Rebate payment will be issued as a check payment from our rebate partner, Energy New England (ENE)
- Offer is subject to funding and can expire at any time. DED can also terminate the program at any time.
- Danvers Electric Division does not warrant, endorse or assume liability for the quality, performance, or safety of the contractor, retailer and/or wholesaler or performance of any appliance, fixture, or equipment use. Responsibility for choosing the product is solely the applicant's. The town of Danvers assumes no liability for installation or use.
- Your electric account must be active, residential, and in good standing. Applications from accounts not in good standing will be held until full payment is received. A DPW representative will contact you for payment.
- You agree to allow DED to inspect charger installation on your premises. Applicant agrees and understands that the Danvers Electric Division does not guarantee that the installation of an Level 2 EV Charger will result in energy savings, as site-specific energy consumption varies.
- Applications must be submitted to the application portal or postmarked within 365 days of installation.
